## NOTES FROM THE RANGE

Well another shoot has come and gone. I want to thank all those that showed up on a cold and blustery morning to have some fun and shoot a little. Too bad it was only a little. For those that weren't there the day started cold but not intolerable. It didn't last long. As the first stage was winding down the snow was winding up. The second stage brought new challenges as the wind brought the snow into our faces and down the barrels of our guns. The temperature dropped and even a good fire in the stove couldn't keep everyone warm. The decision was made by me to cancel after the second stage for safety reason. Icing up gun barrels and slipping in the snow with a loaded firearm being the biggest.

Despite all that we had a very good turn out. 9 regulars & 3 new shooters. I wish we would have had a better day for those new to the sport and I hope they all come back and give it another go. We also had some awesome chili to put some heat back

in the body after a cold shoot. Thanks to Shootin' Miss & one of our new shooters Garry Dunnan for those. I'm not sure who made the wings but most everyone enjoyed them too.

As always I have to thank those that help to make this a great club and always step up to help. Haywire Snuffy, Bloody Lane, Dirty Pole Cat, Yaro and Bubba, thanks for helping to set up. Thanks to everyone for tearing down & putting steel away. And last but not least and often over looked, Silverton. He is there before anyone else and always has a fire going and the coffee perking. Thank

you, for all you do.

I'm hoping the weather cooperates for next month and we get a full shoot in. If you've been in Colorado any length of time you know that March can be a bear or a pussy cat. And speaking of the March shoot, I am planning an old fashion three gun match and maybe a pot stage. So until we meet on the range again Keep your powder dry and don't spit into the wind when you're chewing Beechnut.

## Construction Materials Needed

If you have been out to any of the last couple of shoots you may have noticed that we are using some new timers we just purchased and that we have a new storage trailer located over by the Dick Legg range. John Henry found a deal we couldn't pass up on a 40 ft. semi trailer. We now need to build a platform and stairs to make it safe and easy to get in and out of. Lostriver Bill has drawn up some plans to do just that. Some of the material is already available from donations. Here is a list of the remaining building materials we could use. If you happen to have any of these items leftover from your last construction project just taking up space in your storage shed and you would be willing to donate them let us know by email to the Rattler Tattler at [Shaketails@earthlink.net](mailto:Shaketails@earthlink.net). Every little bit helps.
