Volume 23 Issue 1

January 2012

## NOTES FROM THE RANGE

Howdy, Shootin' Hoosier here sitting in for Midnite Slim who is feeling a bit under the weather.

After two months of uncooperative weather we finally got a break to kick off 2012. Conditions were not quite as warm as forecast but the sun and minimal winds kept it comfortable. Nine shooters managed to make it out on New Year's Day to bring in 2012 with a bang and clang! It was great to have K-K back this month as well.

We brought out the stages Midnite Slim had written for the November shoot but never got to finish due to the wind. The stages were pretty simple and the Texas Star provided a fun challenge as a rifle target on stage 4. It seemed like several of us were having gun problems, including me - need to spend some time at the work bench before I can shoot next. I also learned that it was possible for a '73 to eject the brass and have it fall in front of the hammer and wedge causing some confusion when the expected bang doesn't even result in a click. It is all a part of the fun. We ended the day by moving over to the trailer and enjoying a pot luck lunch.

I'll close with a couple of miscellaneous items. First, FSC has officially removed the lock on the first gate. The second gate will be left unlocked on shoot days. Both gates must be closed

behind you when you come through. There should be a spring link/carabineer to hold the chain in place around the gate. Secondly, I wanted to remind everyone that if you like what you see out at Frontier, now would be a good time to get your application in to get on the waiting list. FSC members are renewing now so slots will open up in the next couple of months.

Hope to see you all in February.
